REVIEW THE SERMON

How do we hold one another to faithful living?

How is sexuality either honouring or dishonouring, without any neutrality? What is the root lie that the world believes and promotes about sexuality?

What is God's will for our lives concerning love (sexually and amongst our spiritual family)?

How do we love through hospitality?

2

ASSESS YOUR LIFE

How should our interactions within our Christian family be more familial?

Are you interacting with your brothers and sisters the way you should be?

Are you willing to ask difficult and uncomfortable questions of your spiritual family? How do you respond when they are asked of you?

What are the areas of spiritual maturity in your life? Are you confident in these areas and using these gifts to their fullest?

3

APPLY THE TRUTH

Do you know and believe that the Bible defines laziness as a sin? What does laziness look like in our culture?

Are you living your life, and using the body God has given you, as a steward for Him? Does anything need to change in your lifestyle to better adopt this belief—that we are stewards only of what has been given to us only for a time?

What does genuinely loving on one another look like?

4

COMMIT THIS WEEK

How will you use the life God has given you, to His glory, by urging on and encouraging your spiritual family this week?
